112TH CONGRESS  
1ST SESSION

H. R. ______

To amend title 49, United States Code, to provide for enhanced safety and environmental protection in pipeline transportation, to provide for enhanced reliability in the transportation of the Nation’s energy products by pipeline, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

Mr. SHUSTER (for himself and Mr. MICA) introduced the following bill; which was referred to the Committee on __________________________

A BILL

To amend title 49, United States Code, to provide for enhanced safety and environmental protection in pipeline transportation, to provide for enhanced reliability in the transportation of the Nation’s energy products by pipeline, and for other purposes.

1 Be it enacted by the Senate and House of Representa-

2 tives of the United States of America in Congress assembled,
SECTION 1. SHORT TITLE; AMENDMENT OF TITLE 49, UNITED STATES CODE; DEFINITIONS; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the “Pipeline Safety, Regulatory Certainty, and Job Creation Act of 2011”.

(b) AMENDMENT OF TITLE 49, UNITED STATES CODE.—Except as otherwise expressly provided, whenever in this Act an amendment or repeal is expressed in terms of an amendment to, or a repeal of, a section or other provision, the reference shall be considered to be made to a section or other provision of title 49, United States Code.

(c) DEFINITIONS.—Any term used in this Act that is defined in chapter 601 of title 49, United States Code, shall have the meaning given that term in that chapter.

(d) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

Sec. 1. Short title; amendment of title 49, United States Code; definitions; table of contents.
Sec. 2. Civil penalties.
Sec. 3. Pipeline damage prevention.
Sec. 4. Automatic and remote-controlled shut-off valves.
Sec. 5. Integrity management.
Sec. 6. Public education and awareness.
Sec. 7. Cast iron gas pipelines.
Sec. 8. Leak detection.
Sec. 9. Accident and incident notification.
Sec. 10. Transportation-related onshore facility response plan compliance.
Sec. 11. Transportation-related oil flow lines.
Sec. 12. Cost recovery for design reviews.
Sec. 13. Biofuel pipelines.
Sec. 15. Study of transportation of diluted bitumen.
Sec. 16. Study of non-petroleum hazardous liquids transported by pipeline.
Sec. 17. Clarifications.
Sec. 18. Maintenance of effort.
Sec. 19. Administrative enforcement process.
Sec. 20. Gas and hazardous liquid gathering lines.
Sec. 21. Authorization of appropriations.

1 SEC. 2. CIVIL PENALTIES.

2 (a) GENERAL PENALTIES; PENALTY CONSIDER-
3 ATIONS.—Section 60122 is amended—
4
5 (1) in subsection (a)(1)—
6
7 (A) in the first sentence by striking
8 “$100,000” and inserting “$175,000”; and
9
10 (B) in the last sentence by striking
11 “$1,000,000” and inserting “$1,750,000”; and
12
13 (2) in subsection (b)(1)(B) by striking “the
14 ability to pay,”.
15
16 (b) OPERATOR ASSISTANCE IN INVESTIGATIONS.—
17
18 Section 60118(e) is amended to read as follows:
19
20 “(e) OPERATOR ASSISTANCE IN INVESTIGATIONS .—
21 “(1) ASSISTANCE AND ACCESS.—If the Sec-
22 retary or the National Transportation Safety Board
23 investigates an accident involving a pipeline facility,
24 the operator of the facility shall—
25 “(A) make available to the Secretary or
26 the Board all records and information that in
27 any way pertain to the accident (including in-
28 tegrity management plans and test results); and
“(B) afford all reasonable assistance in the investigation of the accident.

“(2) OPERATOR ASSISTANCE IN INVESTIGATIONS.—

“(A) IN GENERAL.—The Secretary may impose a civil penalty under section 60122 on a person who obstructs or prevents the Secretary from carrying out inspections or investigations under this chapter.

“(B) DEFINITIONS.—In this paragraph, the following definitions apply:

“(i) OBSTRUCTS.—The term ‘obstructs’ includes actions that were known, or reasonably should have been known, to prevent, hinder, or impede an investigation without good cause.

“(ii) GOOD CAUSE.—The term ‘good cause’ includes, at a minimum, restricting access to facilities that are not secure or safe for non-pipeline personnel or visitors.”.

(c) ADMINISTRATIVE PENALTY CAPS INAPPLICABLE.—Section 60120(a)(1) is amended by adding at the end the following: “The maximum amount of civil penalties for administrative enforcement actions under section
60122 shall not apply to enforcement actions under this section.”.

(d) Judicial Review of Administrative Enforcement Orders.—Section 60119(a) is amended—

(1) in the subsection heading by striking “AND WAIVER ORDERS” and inserting “, ORDERS, AND OTHER FINAL AGENCY ACTIONS”; and

(2) by striking “about an application for a waiver under section 60118(c) or (d) of this title” and inserting “under this chapter”.

SEC. 3. PIPELINE DAMAGE PREVENTION.

(a) Minimum Standards for State One-Call Notification Programs.—Section 6103(a) is amended to read as follows:

“(a) Minimum Standards.—

“(1) In General.—In order to qualify for a grant under section 6106, a State one-call notification program, at a minimum, shall provide for—

“(A) appropriate participation by all underground facility operators, including all government operators;

“(B) appropriate participation by all excavators, including all government and contract excavators; and
“(C) flexible and effective enforcement under State law with respect to participation in, and use of, one-call notification systems.

“(2) Exemptions Prohibited.—In order to qualify for a grant under section 6106, a State one-call notification program may not exempt municipalities, State agencies, or their contractors from its one-call notification system requirements.”.

(b) State Damage Prevention Programs.—Section 60134(a) is amended—

(1) in paragraph (1) by striking “and” after the semicolon;

(2) in paragraph (2)(B) by striking “(b).” and inserting “(b); and”; and

(3) by adding at the end the following:

“(3) does not provide any exemptions to municipalities, State agencies, or their contractors from its one-call notification system requirements.”.

(c) Effective Date.—The amendments made by this section shall take effect 2 years after the date of enactment of this Act.

(d) Third Party Damage.—

(1) Study.—The Secretary of Transportation shall conduct a study on the impact of third party damage on pipeline safety.
(2) CONTENTS.—The study shall include—

(A) an analysis of the frequency and severity of different types of third party damage incidents;

(B) an analysis of exemptions to the one-call notification system requirements in each State;

(C) a comparison of exemptions to the one-call notification system requirements in each State to the types of third party damage incidents in that State; and

(D) an analysis of the potential safety benefits and adverse consequences of eliminating all exemptions for mechanized excavation from State one-call notification systems.

(3) REPORT.—Not later than 2 years after the date of enactment of this Act, the Secretary shall submit to the House of Representatives Committee on Transportation and Infrastructure and Committee on Energy and Commerce and the Senate Committee on Commerce, Science, and Transportation a report on the results of the study.

SEC. 4. AUTOMATIC AND REMOTE-CONTROLLED SHUT-OFF VALVES.

Section 60102 is amended—
(1) by striking subsection (j)(3); and
(2) by adding at the end the following:

“(n) AUTOMATIC AND REMOTE-CONTROLLED SHUT-OFF VALVES FOR NEW TRANSMISSION PIPELINES.—

“(1) IN GENERAL.—The Secretary may require by regulation, if determined appropriate by the Secretary, the use of automatic or remote-controlled shut-off valves, or equivalent technology, where economically, technically, and operationally feasible on transmission pipeline facilities constructed or entirely replaced after the date on which the Secretary issues the final rule containing such requirement.

“(2) FACTORS FOR CONSIDERATION.—In determining whether to proceed with a rulemaking under paragraph (1), the Secretary shall consider the factors specified in subsection (b)(2).”.

SEC. 5. INTEGRITY MANAGEMENT.

(a) EVALUATION.—Not later than 2 years after the date of enactment of this Act, the Secretary of Transportation shall evaluate—

(1) whether integrity management system requirements, or elements thereof, should be expanded beyond high consequence areas; and

(2) with respect to gas transmission pipeline facilities, whether applying integrity management pro-
gram requirements, or elements thereof, to additional areas would mitigate the need for class location requirements.

(b) **REPAIR CRITERIA.**—In conducting the evaluation under subsection (a), the Secretary shall consider applying repair criteria, such as pressure reductions and special requirements for scheduling remediation, to areas that are not high consequence areas.

(c) **REPORT.**—Based on the evaluation to be conducted under subsection (a), the Secretary shall submit to the House of Representatives Committee on Transportation and Infrastructure and Committee on Energy and Commerce and the Senate Committee on Commerce, Science, and Transportation a report containing the Secretary's analysis and findings regarding—

(1) expansion of integrity management requirements, or elements thereof, beyond high consequence areas; and

(2) with respect to gas transmission pipeline facilities, whether applying the integrity management program requirements, or elements thereof, to additional areas would mitigate the need for class location requirements.
(d) DATA REPORTING.—The Secretary shall collect any relevant data necessary to complete the evaluation required by subsection (a).

(e) TECHNICAL CORRECTION.—Section 60109(e)(3)(B) is amended to read as follows:

“(B) Subject to paragraph (5), periodic re-assessments of the facility, at a minimum of once every 7 calendar years, using methods described in subparagraph (A). Such deadline shall be extended for an additional 6 months if the operator submits written notice to the Secretary that includes an explanation of the need for the extension.”.

(f) PROHIBITION.—Notwithstanding the authority of the Secretary under section 60102 of title 49, United States Code, the Secretary shall not expand integrity management system requirements, or elements thereof, beyond high consequence areas.

(g) REPORT TO CONGRESS ON RISK-BASED PIPELINE REASSESSMENT INTERVALS.—Not later than 2 years after the date of enactment of this Act, the Comptroller General of the United States shall evaluate—

(1) whether risk-based reassessment intervals are a more effective alternative for managing risks to pipelines in high-consequence areas once baseline
assessments are complete when compared to a 7-year reassessment interval;

(2) the number of anomalies found in baseline assessments required under section 60109(e)(3)(A) of title 49, United States Code, as compared to the number of anomalies found in reassessments required under section 60109(e)(3)(B) of such title; and

(3) the progress made in incorporating the recommendations in GAO Report 06–945 and the current relevance of recommendations not incorporated to date.

(h) HIGH CONSEQUENCE AREA DEFINED.—In this section, the term “high consequence area” means an area described in section 60109(a) of title 49, United States Code.

SEC. 6. PUBLIC EDUCATION AND AWARENESS.

(a) NATIONAL PIPELINE MAPPING SYSTEM.—

(1) MAP OF HIGH CONSEQUENCE AREAS.—The Secretary of Transportation shall—

(A) maintain, as part of the National Pipeline Mapping System, a map of all designated high consequence areas (as described in section 60109(a) of title 49, United States Code) in which pipelines are required to meet integrity
management safety regulations, excluding any proprietary or sensitive security information; and

(B) update the map biennially.

(2) PROGRAM TO PROMOTE AWARENESS OF NATIONAL PIPELINE MAPPING SYSTEM.—Not later than 1 year after the date of enactment of this Act, the Secretary shall develop and implement a program promoting greater awareness of the existence of the National Pipeline Mapping System to State and local emergency responders and other interested parties. The program shall include guidance on how to use the National Pipeline Mapping System to locate pipelines in communities and local jurisdictions.

(b) INFORMATION TO EMERGENCY RESPONSE AGENCIES.—

(1) GUIDANCE.—Not later than 18 months after the date of enactment of this Act, the Secretary shall issue guidance to owners and operators of pipeline facilities on the importance of providing system-specific information about their pipeline facilities to emergency response agencies of the communities and jurisdictions in which those facilities are located.
(2) Consultation.—Before issuing guidance under paragraph (1), the Secretary shall consult with owners and operators of pipeline facilities to determine the extent to which the owners and operators are already providing system-specific information about their pipeline facilities to emergency response agencies.

**SEC. 7. CAST IRON GAS PIPELINES.**

(a) Follow-Up Surveys.—Section 60108(d) is amended by adding at the end the following:

“(4) Not later than December 31, 2012, and every 2 years thereafter, the Secretary shall conduct a follow-up survey to measure the progress that owners and operators of pipeline facilities have made in implementing their plans for the safe management and replacement of cast iron gas pipelines.”.

(b) Status Report.—Not later than December 31, 2013, the Secretary of Transportation shall transmit to the House of Representatives Committee on Transportation and Infrastructure and Committee on Energy and Commerce and the Senate Committee on Commerce, Science, and Transportation a report that—

(1) identifies the total mileage of cast iron gas pipelines in the United States; and
(2) evaluates the progress that owners and operators of pipeline facilities have made in implementing their plans for the safe management and replacement of cast iron gas pipelines.

SEC. 8. LEAK DETECTION.

(a) LEAK DETECTION REPORT.—

(1) IN GENERAL.—Not later than 1 year after the date of enactment of this Act, the Secretary of Transportation shall submit to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure and Committee on Energy and Commerce a report on leak detection systems utilized by operators of hazardous liquid pipeline facilities and transportation-related flow lines.

(2) CONTENTS.—The report shall include—

(A) an analysis of the technical limitations of current leak detection systems, including the systems’ ability to detect ruptures and small leaks that are ongoing or intermittent, and what can be done to foster development of better technologies; and

(B) an analysis of the feasibility of establishing technically, operationally, and economi-
cally feasible standards for the capability of
such systems to detect leaks, and the safety
benefits and adverse consequences of requiring
operators to use leak detection systems.

(b) PROHIBITION.—Notwithstanding the authority of
the Secretary under section 60102 of title 49, United
States Code, the Secretary shall not issue regulations es-
tablishing standards for the capability of leak detection
systems or requiring operators to use leak detection sys-
tems.

SEC. 9. ACCIDENT AND INCIDENT NOTIFICATION.

(a) REVISION OF REGULATIONS.—Not later than 18
months after the date of enactment of this Act, the Sec-
retary of Transportation shall revise regulations issued
under sections 191.5 and 195.52 of title 49, Code of Fed-
eral Regulations, to establish specific time limits for tele-
phonic or electronic notice of accidents and incidents in-
volving pipeline facilities to the Secretary and the National
Response Center.

(b) MINIMUM REQUIREMENTS.—In revising the regu-
lations, the Secretary, at a minimum, shall—

(1) establish time limits for telephonic or elec-
tronic notification of an accident or incident to re-
quire such notification not less than 1 hour and not
more than 2 hours after discovery of the accident or
incident;

(2) review procedures for owners and operators
of pipeline facilities and the National Response Cen-
ter to provide thorough and coordinated notification
to all relevant State and local emergency response
officials, including 911 emergency call centers, for
the jurisdictions in which those pipeline facilities are
located in the event of an accident or incident, and
revise such procedures as appropriate; and

(3) require such owners and operators to revise
their initial telephonic or electronic notice to the
Secretary and the National Response Center with an
estimated amount of the product released, an esti-
mated number of fatalities and injuries, if any, and
any other information determined appropriate by the
Secretary within 24 to 48 hours of the accident or
incident, to the extent practicable.

(c) Updating of Reports.—After receiving revi-
sions described in subsection (b)(3), the National Re-
sponse Center shall update the initial report on an acci-
dent or incident instead of generating a new report.
SEC. 10. TRANSPORTATION-RELATED ONSHORE FACILITY RESPONSE PLAN COMPLIANCE.

(a) In General.—Subparagraphs (A) and (B) of section 311(m)(2) of the Federal Water Pollution Control Act (33 U.S.C. 1321(m)(2)) are each amended by striking “Administrator or” and inserting “Administrator, the Secretary of Transportation, or”.

(b) Conforming Amendment.—Section 311(b)(6)(A) of the Federal Water Pollution Control Act (33 U.S.C. 1321(b)(6)(A)) is amended by striking “operating or” and inserting “operating, the Secretary of Transportation, or”.

SEC. 11. TRANSPORTATION-RELATED OIL FLOW LINES.

Section 60102, as amended by this Act, is further amended by adding at the end the following:

“(o) TRANSPORTATION-RELATED OIL FLOW LINES.—

“(1) DATA COLLECTION.—The Secretary may collect geospatial or technical data on transportation-related oil flow lines, including unregulated transportation-related oil flow lines.

“(2) TRANSPORTATION-RELATED OIL FLOW LINE DEFINED.—In this subsection, the term ‘transportation-related oil flow line’ means a pipeline transporting oil off of the grounds of the well where it originated across areas not owned by the pro-
ducer, regardless of the extent to which the oil has
been processed, if at all.

“(3) LIMITATION.—Nothing in this subsection
authorizes the Secretary to prescribe standards for
the movement of oil through production, refining, or
manufacturing facilities, or through oil production
flow lines located on the grounds of wells.”.

SEC. 12. COST RECOVERY FOR DESIGN REVIEWS.

(a) IN GENERAL.—Section 60117(n) is amended to
read as follows:

“(n) COST RECOVERY FOR DESIGN REVIEWS.—

“(1) IN GENERAL.—

“(A) REVIEW COSTS.—For any project de-
dscribed in subparagraph (B), if the Secretary
conducts facility design safety reviews in con-
nection with a proposal to construct, expand, or
operate a new gas or hazardous liquid pipeline
facility or liquefied natural gas pipeline facility,
the Secretary may require the person proposing
the project to pay the costs incurred by the Sec-
retary relating to such reviews. If the Secretary
exercises the cost recovery authority described
in this subsection, the Secretary shall prescribe
a fee structure and assessment methodology
that is based on the costs of providing these re-
views and shall prescribe procedures to collect
fees under this subsection. The Secretary shall
not collect design safety review fees under this
chapter and section 60301 for the same design
safety review.

“(B) PROJECTS TO WHICH APPLICABLE.—
Subparagraph (A) applies to any project that—

“(i) has design and construction costs
totaling at least $3,400,000,000, as ad-
justed for inflation, based on a good faith
estimate developed by the person proposing
the project; or

“(ii) uses new or novel technologies or
design.

“(2) NOTIFICATION.—For any new pipeline fa-
cility construction project for which the Secretary
will conduct design reviews, the person proposing the
project shall notify the Secretary and provide the de-
sign specifications, construction plans and proce-
dures, and related materials at least 120 days prior
to the commencement of construction. If the Sec-
retary determines that the proposed design of the
project is inconsistent with pipeline safety, the Sec-
retary shall provide written comments, feedback, and
guidance on the project on or before the 60th day
following the date of receipt of the design specifica-
tions, construction plans and procedures, and related
materials for the project.

“(3) Pipeline safety design review
fund.—

“(A) Establishment.—There is estab-
lished a Pipeline Safety Design Review Fund in
the Treasury of the United States.

“(B) Deposits.—The Secretary shall de-
posit funds paid under this subsection into the
Fund.

“(C) Use.—Amounts in the Fund shall be
available to the Secretary, in amounts specified
in appropriations Acts, to offset the costs of
conducting facility design safety reviews under
this subsection.

“(4) No additional permitting author-
ity.—Nothing in this subsection shall be construed
as authorizing the Secretary to require a person to
obtain a permit before beginning design and con-
struction in connection with a project described in
paragraph (1)(B).”.

(b) Guidance.—Not later than 1 year after the date
of enactment of this Act, the Secretary of Transportation
shall issue guidance to clarify the meaning of the term
“new or novel technologies or design” as used in section 60117(n) of title 49, United States Code, as amended by subsection (a) of this section.

SEC. 13. BIOFUEL PIPELINES.

Section 60101(a)(4) is amended—

(1) in subparagraph (A) by striking “and” after the semicolon;

(2) by redesignating subparagraph (B) as subparagraph (C); and

(3) by inserting after subparagraph (A) the following:

“(B) non-petroleum fuels, including biofuels, that are flammable, toxic, or corrosive or would be harmful to the environment if released in significant quantities; and”.

SEC. 14. CARBON DIOXIDE PIPELINES.

Section 60102(i) is amended to read as follows:

“(i) PIPELINES TRANSPORTING CARBON DIOXIDE.—

“(1) MINIMUM SAFETY STANDARDS.—The Secretary shall prescribe minimum safety standards for the transportation of carbon dioxide by pipeline in a gaseous state.

“(2) STANDARDS APPLICABLE TO CERTAIN PIPELINES.—For pipelines that transport carbon dioxide in both a liquid and gaseous state, the Sec-
Secretary shall apply standards, in effect on the date of enactment of the Pipeline Safety, Regulatory Certainty, and Job Creation Act of 2011, for the transportation of carbon dioxide by pipeline in a liquid state to the transportation of carbon dioxide by pipeline in a gaseous state.”.

SEC. 15. STUDY OF TRANSPORTATION OF DILUTED BITUMEN.

Not later than 18 months after the date of enactment of this Act, the Secretary of Transportation shall complete a comprehensive review of hazardous liquid pipeline facility regulations to determine whether these regulations are sufficient to regulate pipeline facilities used for the transportation of diluted bitumen. In conducting this review, the Secretary shall conduct an analysis of whether any increase in risk of release exists for pipeline facilities transporting diluted bitumen. The Secretary shall report the results of this review to the Senate Committee on Commerce, Science, and Transportation and the House of Representatives Committee on Transportation and Infrastructure and Committee on Energy and Commerce.

SEC. 16. STUDY OF NON-PETROLEUM HAZARDOUS LIQUIDS TRANSPORTED BY PIPELINE.

The Secretary of Transportation may conduct an analysis of the transportation of non-petroleum hazardous
liquids by pipeline facility for the purpose of identifying
the extent to which pipeline facilities are currently being
used to transport non-petroleum hazardous liquids, such
as chlorine, from chemical production facilities across land
areas not owned by the producer that are accessible to
the public. The analysis should identify the extent to which
the safety of the pipeline facilities is unregulated by the
States and evaluate whether the transportation of such
chemicals by pipeline facility across areas accessible to the
public would present significant risks to public safety,
property, or the environment in the absence of regulation.
The results of the analysis shall be made available to the
Senate Committee on Commerce, Science, and Transpor-
tation and the House of Representatives Committee on
Transportation and Infrastructure and Committee on En-
ergy and Commerce.

SEC. 17. CLARIFICATIONS.

(a) Amendment of Procedures Clarification.—Section 60108(a)(1) is amended by striking “an
intrasate” and inserting “a”.

(b) Owner and Operator Clarification.—Section 60102(a)(2)(A) is amended by striking “owners and
operators” and inserting “any or all of the owners or oper-
ators”.
SEC. 18. MAINTENANCE OF EFFORT.

Section 60107(b) is amended by adding at the end the following: “For each of fiscal years 2012 and 2013, the Secretary shall grant such a waiver to a State if the State can demonstrate an inability to maintain or increase the required funding share of its pipeline safety program at or above the level required by this subsection due to economic hardship in that State. For fiscal year 2014 and each fiscal year thereafter, the Secretary may grant such a waiver to a State if the State can make the demonstration described in the preceding sentence.”

SEC. 19. ADMINISTRATIVE ENFORCEMENT PROCESS.

(a) ISSUANCE OF REGULATIONS.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Secretary shall prescribe regulations—

(A) requiring hearings under sections 60112, 60117, 60118, and 60122 to be convened before a presiding official;

(B) providing the opportunity for any person requesting a hearing under section 60112, 60117, 60118, or 60122 to arrange for a transcript of that hearing, at the expense of the requesting person;

(C) ensuring expedited review of any order issued pursuant to section 60112(e);
(D) implementing a separation of functions between personnel involved with investigative and prosecutorial activities and advising the Secretary on findings and determinations; and

(E) prohibiting ex-parte communication relevant to the question to be decided in the case by parties to an investigation or hearing.

(2) PRESIDING OFFICIAL.—The regulations prescribed under this subsection shall—

(A) define the term “presiding official” to mean the person who conducts any hearing relating to civil penalty assessments, compliance orders, safety orders, or corrective action orders; and

(B) require that the presiding official must be an attorney on the staff of the Deputy Chief Counsel that is not engaged in investigative or prosecutorial functions, including the preparation of notices of probable violations, notices relating to civil penalty assessments, notices relating to compliance, or notices of proposed corrective actions.

(3) EXPEDITED REVIEW.—The regulations prescribed under this subsection shall define the term
“expedited review” for the purposes of paragraph (1)(C).

(b) STANDARDS OF JUDICIAL REVIEW.—Section 60119(a) is amended by adding at the end the following new paragraph:

“(3) A judicial review of agency action under this section shall apply the standards of review established in section 706 of title 5.”

SEC. 20. GAS AND HAZARDOUS LIQUID GATHERING LINES.

(a) REVIEW.—The Secretary of Transportation shall complete a review of existing Federal and State regulations for gas and hazardous liquid gathering lines located onshore and offshore in the United States, including within the inlets of the Gulf of Mexico.

(b) REPORT TO CONGRESS.—

(1) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, the Secretary shall submit to the House of Representatives Committee on Transportation and Infrastructure and Committee on Energy and Commerce and the Senate Committee on Commerce, Science, and Transportation a report on the results of the review.

(2) RECOMMENDATIONS.—The report shall include the Secretary’s recommendations with respect to—
(A) the sufficiency of existing Federal and State laws and regulations to ensure the safety of gas and hazardous liquid gathering lines;

(B) quantifying the economical and technical practicability and challenges of applying existing Federal regulations to gathering lines that are currently not subject to Federal regulation when compared to the public safety benefits; and

(C) subject to a risk-based assessment, the need to modify or revoke existing exemptions from Federal regulation for gas and hazardous liquid gathering lines.

SEC. 21. AUTHORIZATION OF APPROPRIATIONS.

(a) GAS AND HAZARDOUS LIQUID.—Section 60125(a) is amended to read as follows:

“(a) GAS AND HAZARDOUS LIQUID.—

“(1) IN GENERAL.—To carry out the provisions of this chapter related to gas and hazardous liquid and section 12 of the Pipeline Safety Improvement Act of 2002 (49 U.S.C. 60101 note; Public Law 107–355), there is authorized to be appropriated to the Department of Transportation for each of fiscal years 2012 through 2015, from fees collected under section 60301, $88,014,000, of which $4,686,000 is
for carrying out such section 12 and $34,461,000 is for making grants.

“(2) TRUST FUND AMOUNTS.—In addition to the amounts authorized to be appropriated by paragraph (1), there is authorized to be appropriated for each of fiscal years 2012 through 2015 from the Oil Spill Liability Trust Fund to carry out the provisions of this chapter related to hazardous liquid and section 12 of the Pipeline Safety Improvement Act of 2002 (49 U.S.C. 60101 note; Public Law 107–355), $18,905,000, of which $2,185,000 is for carrying out such section 12 and $4,985,000 is for making grants.”.

(b) EMERGENCY RESPONSE GRANTS.—Section 60125(b)(2) is amended by striking “2007 through 2010” and inserting “2012 through 2015”.

(c) ONE-CALL NOTIFICATION PROGRAMS.—Section 6107 is amended—

(1) in subsection (a) by striking “2007 through 2010.” and inserting “2012 through 2015.”;

(2) in subsection (b) by striking “2007 through 2010.” and inserting “2012 through 2015.”; and

(3) by striking subsection (c).

(d) STATE DAMAGE PREVENTION PROGRAMS.—Section 60134 is amended by adding at the end the following:
“(i) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to the Secretary to provide grants under this section $1,500,000 for each of fiscal years 2012 through 2015. Such funds shall remain available until expended.”.

(e) COMMUNITY PIPELINE SAFETY INFORMATION GRANTS.—Section 60130 is amended—

(1) in subsection (b)—

(A) by inserting “to grant recipients and their contractors” after “this section”; and

(B) by inserting “, for any type of advocacy activity for or against a pipeline construction or expansion project,” after “for lobbying”; and

(2) in subsection (d) by striking “2010” and inserting “2015”.

(f) PIPELINE TRANSPORTATION RESEARCH AND DEVELOPMENT.—Section 12 of the Pipeline Safety Improvement Act of 2002 (49 U.S.C. 60101 note) is amended—

(1) in subsection (d) by adding at the end the following:

“(3) ONGOING PIPELINE TRANSPORTATION RESEARCH AND DEVELOPMENT.—

“(A) IN GENERAL.—After the initial 5-year program plan has been carried out by the
participating agencies, the Secretary of Transport-
portation shall prepare a research and develop-
ment program plan every 5 years thereafter and
shall transmit a report to Congress on the sta-
tus and results-to-date of implementation of the
program every 2 years.

“(B) CONSULTATION.—The Secretary of
Transportation shall comply with the consulta-
tion requirements of subsection (d)(2) when
preparing the program plan and in the selection
and prioritization of research and development
projects.

“(C) FUNDING FROM NON-FEDERAL
SOURCES.—When carrying out research and de-
velopment activities, the Secretary, to the great-
est extent practicable, shall obtain funding for
research and development projects from non-
Federal sources.”; and

(2) in subsection (f) by striking “2003 through
2006.” and inserting “2012 through 2015.”.
