(1) Many gas gathering lines are not regulated and are therefore not included in the mileage figure. See

<http://primis.phmsa.dot.gov/comm/FactSheets/FSGatheringPipelines.htm> for a description of gathering line regulations.

(2) The miles of gas distribution service lines (the connection between the distribution line and the end user) are not included in the Gas distribution mileage. The total number of such services is provided.

(3) Total pipeline mileage for the state may not precisely match PHMSA total due to rounding.

Table extracted from state profile pages accessed through: <http://primis.phmsa.dot.gov/comm>

All mileages are for the year 2011 and are approximate as some data sources may not contain a complete record of state pipeline mileage for the year 2011.
