PROFESSIONAL WORK EXPERIENCE

Executive Director, Pipeline Safety Trust, Bellingham, WA, 2004 – Present

- Provides administration and directs policy initiatives for the only national public interest organization that focuses on pipeline safety.
- Has testified to both the U.S. House of Representatives and Senate on pipeline safety issues multiple times, and has been called as a witness by the National Transportation Safety Board.
- Organized ten national pipeline safety conferences, and runs the national Safe Pipelines and LNG Safety listservs that include over 900 people from around the country.
- Works with local government, citizen organizations, the media, regulators, and the pipeline industry on a wide variety of initiatives to further pipeline safety.
- Operate the largest non-governmental pipeline safety website – www.pstrust.org

Whatcom County Council, Elected Member, 2006 – Present

- Elected by the citizens of Whatcom County, WA to three 4-year terms on the County Council.
- Served as chairman of the Council for 4 years, and also chairman of the county-wide Health Board and Flood Control Board of Supervisors.
- Spearheaded various county efforts to improve water quality, transparency in government, and pipeline safety

Executive Director of RE Sources for Sustainable Communities, Bellingham, WA, 1991 to 2004.

- Started the North Sound Baykeeper Program.
- Started the RE Stores in Bellingham and Seattle to collect and sell used building materials.
- Started the SAFE Bellingham program in 1999 in response to the Olympic Pipeline tragedy.
- Grew the organization from 6 employees to 40, and increased the budget by 700%

General Manager of Vanguard Northwest, Ferndale, WA, 1986-1991, a non-profit manufacturing and assembly business whose mission was to provide employment to people with the most severe disabilities.

Natural Resource Agencies, 1976 – 1986. Included various positions with the National Park Service, the Bureau of Land Management, the National Forest Service, and Clallam County Parks.

MAJOR PIPELINE SAFETY ACCOMPLISHMENTS

- Drafted parts of the federal pipeline safety statutes that Congress eventually incorporated into law, including: Residential Excess Flow Valve requirements, Whistleblower Protections, Community Technical Assistance Grants, Reporting of Over pressurization Events, and various transparency requirements.
- Successfully worked with PHMSA and state regulators to increase access to pipeline safety information to help rebuild trust in pipeline safety.
- Trained citizens throughout the country to better understand pipeline safety issues and then serve as safety advocates in their communities.
- Bringing the pipeline industry, local government, safety advocates, and regulators together each year for ten years now to discuss our shared responsibility to find ways to improve pipeline safety.
- Providing a long term fact-based public interest voice that the media, local government, regulators, and the industry can turn to for independent pipeline safety information and comment.
- Successfully advocated for the U.S. Justice Department to use a portion of the settlement of the 1999 Olympic Pipeline Tragedy to create the Pipeline Safety Trust.

PIPELINE SAFETY COMMITTEES SERVED ON

- U.S. Department of Transportation's Technical Hazardous Liquid Pipeline Safety Standards Committee, 2004 to present
- Washington State Citizen Committee on Pipeline Safety, Governor Appointed, 2003 to present.
- Pipelines and Informed Planning Alliance, Steering and Implementation Committees, 2007 to present.
- Canadian Energy Pipeline Association's External Advisory Panel, 2014 – present
- PHMSA's Data Quality Analysis Teams, 2013 to present
- PHMSA's Subcommittee to help draft the Secretary's Report to America on Pipeline Safety, 2011
