Incomplete/inaccurate data

CBC spent time sifting through the 1,047 incidents and filling in the blanks ...

Dispersed and inconsistent reporting

This block contains two screenshots of pipeline incident reporting websites. The top screenshot is from 'About Pipelines' and shows a search bar, a map, and several filters: 'Liquids Pipelines', 'Natural Gas Pipelines', 'Facilities: 2', 'Incidents: 23', 'Liquids Releases: 10', 'Natural Gas Releases: 6', 'Other: 7', and 'Significant Incidents Only: 1'. The bottom screenshot is from the 'National Energy Board' and shows a navigation menu with 'Safety & Environment' selected, and an 'Interactive Incident Map' with a legend for 'Facilities or Serious Injuries', 'Fire or Explosions', 'Release of Substance - Gas', 'Release of Substance - Liquid', and 'Other'.
