The Enbridge Spill and Its Consequences

A two-part webinar hosted by the Pipeline Safety Trust

July 23 & 24, 2020

To mark the ten-year anniversary of the Enbridge oil spill into the Kalamazoo River, please join the Pipeline Safety Trust for two roundtable discussions looking back at the spill and assessing its consequences. Panelists will discuss the current state of pipeline safety, regulatory affairs, operations, the condition of the Kalamazoo River, public health, and more. The sessions will take place 17 hours apart to coincide with the time of the pipeline rupture and its eventual discovery.

Session 1: National Consequences
Thursday, July 23, 5:58 pm Eastern Time
(the time the rupture occurred, 10 years ago)
90 Minutes

Moderated by Bill Caram
Deputy Director, Pipeline Safety Trust

Panelists:
- **Mark Schauer**
  Former U.S. Representative from Michigan’s 7th District
- **Alan Mayberry**
  Associate Administrator for Pipeline Safety, PHMSA
- **Jennifer Homendy**
  Member, National Transportation Safety Board
- **Mike Koby**
  Vice President, U.S. Operations, Enbridge Inc.
- **Carl Weimer**
